OFFICIAL INSTITUTIONAL PRESENTATION & PROPOSAL

AttendIQ™

Smart School Attendance & Institutional Management Platform

The Intelligent Operating System for Forward-Thinking Schools

A 100% hardware-free cloud ecosystem combining rapid 60-second classroom roll call, automated WhatsApp parent notifications informing them of their child in real time, mobile staff GPS geofencing, and NERDC-compliant 1-click terminal report cards.

60-Second Roll Call
1-tap tactile & voice-guided registers

Automated WhatsApp to Parents
Real-time child arrival, absence & welfare updates

Mobile GPS Staff Geofence
150m perimeter on teachers' own phones

NERDC Gradebook & Cards
40% CA + 60% Exam instant broadsheets

LIVE PRODUCTION PORTAL

• 99.98% Cloud Uptime

PREPARED FOR

School Proprietors, Principals, Headteachers & Boards of Governors

Primary, Secondary, High Schools & Institutional Academies

DOCUMENT EDITION

Academic Year 2026/2027 • Institutional v3.5

Commercial Software Proposal

STRATEGIC OPERATIONAL TRANSFORMATION

Why Leading Institutions Are Modernizing With AttendIQ

Manual paper attendance books waste instructional time, invite proxy attendance, alienate busy parents, and turn end-of-term continuous assessment compilation into an administrative nightmare. AttendIQ™ bridges these operational leaks through automated intelligence—requiring zero gate hardware or expensive terminals.

85%	0%	98%	1-Click
FASTER ROLL CALL	STAFF GHOSTING	PARENT READ RATE	TERMINAL REPORTS
From 20 mins to 60 secs	150m GPS & device lock	Automated WhatsApp alerts	Auto CA 40% + Exam 60%

Institutional Comparison Matrix

Operational Workflow	Legacy Paper & Hardware Scanners	AttendIQ™ Cloud & Mobile Ecosystem
Classroom Attendance	Ticking paper booklets. High physical wear and tear, missing pages, and manual headcounts.	✓ 1-Tap Tactile / Audio Instant roll call, automated end-of-day sweep, live cloud synchronization.
Parent Communication	Sporadic manual SMS or paper notices sent home in school bags—rarely read by busy guardians.	✓ Automated WhatsApp Engine Automated WhatsApp messages informing parents of their child's arrival, absence, and scores.
Teacher Accountability	Physical signing books or expensive gate biometric hardware prone to queues and breakdowns.	✓ Mobile GPS Geofence Teachers clock in on their personal smartphones within 150m campus radius. Zero gate machines.
Medical & Excuse Notes	Crumpled physical paper notes handed to teachers, often lost or not relayed to the Principal.	✓ Zero-Friction Portal Parents upload doctor's certificates via smartphone at `/excuse` without login.
Continuous Assessment & Cards	Weeks of manual arithmetic, error-prone manual rankings, delayed report card distribution.	✓ Automated Broadsheet Instant position ranking (1st-last), NERDC grading (A1-F9), printable and WhatsApp-ready.
Executive Oversight	Principal has zero real-time visibility unless physically touring every classroom in the school.	✓ Real-Time Command Live whole-school KPI cards and 1-tap WhatsApp executive summary for the Governing Board.

Streamlined 4-Step Operational Flowchart

1. **Mobile Campus Clock-In**
   Staff verify GPS inside 150m campus perimeter on their personal smartphones. No gate hardware or queues.
2. **Classroom 60s Roll Call**
   Form teacher marks Present/Absent with 1-tap buttons or hands-free voice mode; records sync instantly.
3. **Automated WhatsApp to Parents**
   System automatically dispatches personalized WhatsApp updates informing parents of their child's status.
4. **Terminal Results & Cards**
   CA 40% + Exam 60% computed automatically; official signed report card PDFs sent straight to parent WhatsApp.

TEACHER EMPOWERMENT & ZERO FRICTION

Classroom Operations Built for Daily Teacher Adoption

Teachers spend an average of 40 minutes per day on administrative paperwork. AttendIQ™ gives educators a high-velocity, intuitive interface that completes morning roll call in under 60 seconds, freeing time for active instruction.

Tactile One-Tap Attendance Actions

High-contrast, color-coded buttons designed for smartphones, tablets, or laptops. Form teachers mark **Present (P)** with emerald green feedback, **Absent (A)** with crimson red feedback, or flag as **Late Arrival** with a single tap. Live counters alongside every pupil show exact total present, total absent, and cumulative attendance percentage.

Hands-Free Audio Voice Roll Call

Industry-first automated voice roll call powered by Web Speech Synthesis. The teacher simply taps "*Start Audio Roll Call*", and AttendIQ reads out each pupil's full name sequentially. The teacher marks attendance via rapid touch or keyboard shortcuts (P/A) without needing to stare at the screen. Reduces morning registration time by over 70%.

360° Expandable Pupil Academic Dossier

Clicking any pupil row opens their complete institutional record: high-resolution photo portraits, parent contact numbers, emergency phone lines, doctor notes, historical attendance trendlines, and continuous assessment quiz and midterm exam scores. Teachers can input test scores on the fly from the same screen.

End-of-Day Automatic Absent Sweep

Eliminates blank or forgotten attendance records. If a busy form teacher forgets to mark an individual student before closing time, AttendIQ's automated compliance protocol flags unmarked learners and prompts the teacher or administrator, guaranteeing 100% data integrity for Ministry of Education reporting.

Form Teacher Daily Protocol

Time / Trigger	Teacher Action	AttendIQ Automated Intelligence	Impact on School
07:30 - 08:00 AM	Arrive on Campus & Mobile Clock-In	Validates GPS coordinates (<150m radius) + Bound phone hardware ID on teacher's personal phone.	**Zero Proxy Clock-In**
08:00 - 08:15 AM	Open Classroom Register	Audio voice roll call calls out pupil names; 1-tap marking captures time-stamped log.	**60s Roll Call**
08:16 AM	Auto-Trigger on Submission	System automatically queues and sends personalized WhatsApp updates to parents informing them of their child.	**Parent WhatsApp Notified**
Throughout Term	Input Test & Exam Scores	Continuous assessment engine calculates cumulative 40% CA + 60% Exam scores automatically.	**Zero Math Errors**

100% Attendance Confetti Celebration & Gamification

When a class achieves a 100% full attendance day, AttendIQ bursts with interactive on-screen confetti celebrations. This gamified milestone boosts student morale, fosters healthy inter-class attendance competitions, and drives punctuality school-wide.

INSTITUTIONAL DISCIPLINE WITHOUT HARDWARE COSTS

Mobile GPS Staff Governance: Zero Gate Terminals Required

School proprietors no longer need to spend millions on expensive biometric gate terminals, RFID cards, or turnstiles that break down during power outages. AttendIQ™ turns every teacher's existing smartphone into a tamper-proof verification device using calibrated campus geofencing.

150m Campus Geofence

The administrator calibrates the exact school campus coordinates with one click. Teachers cannot clock in unless their smartphone GPS confirms they are physically on school grounds (configurable 50m - 250m perimeter).

Hardware Device Lock

On first clock-in, the teacher's phone hardware signature (Canvas, WebGL & Audio fingerprint) is locked to their profile. A single phone cannot clock in multiple staff members, completely eradicating buddy clock-in.

Confidential Staff PINs

Every form teacher possesses an individual 4-digit security PIN. Principals can bulk-randomize staff PINs at the start of each term with 1 click and print confidential distribution slips for staff pigeonholes.

Why Schools Choose Mobile Geofencing Over Gate Terminals

Zero Capital Expenditure

Gate access terminals create morning congestion at school entrances, require dedicated security guards to operate, and stop working during power cuts or generator changeovers. With AttendIQ, teachers simply walk into their classrooms and clock in on their own phones in 3 seconds. The school saves significant maintenance and hardware acquisition costs.

Staff Submission & Punctuality Audit Engine

Compliance Indicator	System Tracking Parameter	Administrative Action & Reporting
Arrival Punctuality	Exact GPS timestamp logged against official resumption time (e.g., 07:30 AM).	Late arrivals automatically tagged in the staff ledger with exact minutes tardy.
Roll Call Submission	Tracks exact time teacher submits classroom register (Target: before 08:30 AM).	Pending class registers highlighted with amber badges on Principal dashboard.
Device Re-Pairing Protocol	Prevents unauthorized smartphone switches or credential sharing.	Only the Principal holds master administrative rights to unpair and reset a phone.
Anti-Tamper Lock	Past attendance records freeze after submission to prevent retroactive changes.	Any historical edit requires administrative authorization and creates an audit record.

Tamper-Proof Audit Trail & Non-Repudiation

Every action—clock-in, roll call submission, grade modification, PIN reset, or geofence recalibration—is permanently logged in an immutable chronological audit trail with device signatures and timestamps. Eliminates staff disputes and ensures complete administrative transparency.

DIRECT GUARDIAN ENGAGEMENT & STUDENT WELFARE

Automated WhatsApp Messages: Keeping Parents Connected to Their Child

WhatsApp is installed on 99% of parents' smartphones with an unmatched 98% open rate. AttendIQ™ completely automates personalized WhatsApp messaging so parents are instantly informed about their child's daily arrival, absences, academic marks, and school welfare—with zero manual typing required from teachers.

🟢 1. Daily Morning Presence & Safety Ping

Sent automatically when the teacher submits morning roll call. Parents receive immediate peace of mind knowing their child arrived safely at school and is seated in class.

> **Innovative International Secondary School:**
> Good morning *Dr. Adeleke*! 👋 We are pleased to inform you that your child **Samuel Adeleke** safely arrived and was marked **PRESENT** in class **JSS 2 Gold** today at 07:54 AM. Have a wonderful day ahead! 📚
>
> 08:02 AM • ✓✓

🔴 2. Urgent Real-Time Absence & Truancy Alert

Dispatched instantly the moment a pupil is marked absent. Closes safeguarding risks where a child leaves home in uniform but does not reach the school gates.

> **Innovative International Advisory:**
> ⚠️ **ATTENTION:** Your child **Samuel Adeleke** was marked **ABSENT** from morning roll call today (03/11/2026). If Samuel is unwell or with you, tap below to submit a quick digital excuse note:
> 🔗 attendiq.vercel.app/excuse?id=SAM204
>
> 08:16 AM • ✓✓

⏱️ 3. Late Arrival Advisory Notice

Informs parents immediately when their child arrives late, logging the exact arrival minutes. Eliminates excuses and reinforces family punctuality.

> **Innovative International Notice:**
> Dear *Mrs. Danladi*, this is an advisory that **Zainab Danladi** arrived late to class **SS 1 Silver** today at 08:26 AM (26 minutes past resumption). Please support us in ensuring timely arrival tomorrow morning. Thank you!
>
> 08:30 AM • ✓✓

📑 4. Terminal Report Card & Test Score Push

Delivers continuous assessment midterm marks and official signed terminal report card PDFs directly into the parent's private WhatsApp chat.

> **Innovative International Terminal Dossier:**
> Dear Parent, **Samuel Adeleke's First Term Official Report Card** is ready! 🎉 Position: **2nd of 34** | Average: **84.0%** | Attendance: **98.3%**.
> 📄 Tap to download certified PDF:
> ReportCard_Samuel_Adeleke.pdf
>
> 02:15 PM • ✓✓

Zero-Touch Automated WhatsApp Engine Architecture

Workflow Step	AttendIQ Automated Background Process	Parent Experience
1. Roll Call Submission	Teacher taps "*Submit Morning Register*" or individual P/A status. Database updates in real time.	Zero teacher effort. Teacher does not open or pay for WhatsApp.
2. Cloud API Dispatch	AttendIQ Cloud Gateway formats Nigerian phone numbers (+234...) and dispatches via Meta Cloud API / Termii.	Message arrives with verified school logo and official name.
3. Two-Way Excuse Link	If absent, the message contains a personalized zero-login link for the parent to reply with a doctor's receipt.	Parent taps link from phone, uploads photo note in 15 seconds.
4. Delivery Audit Trail	Every WhatsApp dispatch is logged with exact delivery timestamp and read receipt status in the Admin Console.	Proprietor and Principal can audit 100% of parent communications.

💎 Why Parents Love AttendIQ Schools

Parents lead busy professional lives. Receiving an automated WhatsApp morning notification that their child has safely sat down in class creates an emotional bond of institutional trust. Schools adopting AttendIQ report higher tuition promptness, zero student safeguarding disputes, and positive word-of-mouth enrollment referrals.

ACADEMIC EXCELLENCE & CONTINUOUS ASSESSMENT

Instant NERDC Broadsheets & 1-Click Terminal Report Cards

Eliminate the exhausting end-of-term rush. AttendIQ™ seamlessly merges cumulative daily attendance percentages with the official Nigerian NERDC continuous assessment framework (40% CA + 60% Exam) to generate publication-grade terminal report cards in seconds.

Automated Broadsheet Arithmetic

Teachers input Test 1 (10%), Test 2 (10%), Midterm Project (20%), and Terminal Exam (60%). AttendIQ instantly calculates total scores, subject averages, letter grades (A1 to F9), and class position rankings (1st, 2nd, 3rd) across the entire class arm with zero human mathematical error.

1-Click Printable Terminal Report Sheet

Clicking "*Print Terminal Report Sheet*" renders a crisp, high-resolution official report card formatted to standard A4 size. Complete with the school crest, student biodata, attendance statistics (Times School Opened, Times Present, Times Absent), and affective/psychomotor rating matrices.

Digital Principal Stamp & Signature

School leadership can upload their official digital stamp and principal signature. Report cards are automatically branded and stamped upon generation, allowing instant PDF export for direct WhatsApp distribution or batch high-speed printing for Speech and Prize-Giving Day.

Affective & Psychomotor Behavioral Scoring

Complies with Ministry of Education holistic child development mandates. Includes built-in 5-point rating scales for Punctuality, Neatness, Politeness, Honesty, Leadership, Sports, and Dexterity, accompanied by automated intelligent teacher remarks.

Official Terminal Report Card Architecture

Subject Title	Continuous Assessment (40%)	Exam (60%)	Total Score	Grade & Remark	Subject Position
Mathematics	36 / 40	52 / 60	**88%**	**A1 • Distinction**	2nd of 34
English Language	34 / 40	48 / 60	**82%**	**A1 • Distinction**	1st of 34
Basic Science & Tech	32 / 40	45 / 60	**77%**	**B2 • Very Good**	4th of 34
Civic Education	35 / 40	54 / 60	**89%**	**A1 • Distinction**	1st of 34

CUMULATIVE PERFORMANCE

Total Marks: 336 / 400 • Class Average: 84.0% • Position: 2nd / 34

ATTENDANCE COMPLIANCE

118 of 120 Sessions Present (98.3%)

RAPID ONBOARDING & COMMERCIAL PARTNERSHIP

Turnkey 3-Day Institutional Deployment & Licensing

Deploying AttendIQ™ requires zero new hardware, turnstiles, or gate servers. It operates on your teachers' existing smartphones, tablets, and school PCs with full offline-first resilience.

Turnkey 3-Day School Launch Roadmap

1

Day 1: Setup & Import

Bulk 1-click CSV import of student and class rosters. Configure custom school crest, branch name, and motto.

2

Day 2: Staff Orientation

15-minute teacher onboarding session. Calibrate campus GPS perimeter. Assign confidential teacher 4-digit PINs.

3

Day 3: Full Go-Live

Morning roll call goes live across all arms. Automated WhatsApp parent alerts activate with dedicated technical VIP support.

Institutional Licensing Options

STANDARD ACADEMY

Single Campus

Up to 500 Enrolled Pupils

- Unlimited Teacher Accounts
- 1-Tap & Audio Roll Call
- 150m GPS Staff Geofence
- Automated WhatsApp to Parents
- NERDC Broadsheets & Cards

PREMIER INSTITUTIONAL

Multi-Campus / Group

Up to 2,000+ Pupils

- All Standard Features Included
- Multi-Branch Executive Oversight
- Custom School Domain & Branding
- Automated WhatsApp Cloud Gateway
- Priority 24/7 Dedicated Support

COMPLIMENTARY PILOT

14-Day Full Trial

Zero Financial Obligation

- Full Access to All 5 Modules
- Assisted Data Onboarding
- Hands-on Staff Training
- Experience Live Parent Reactions
- No Long-term Contract Required
